Trojan Family:

Colby Community College (CCC) is extremely excited to have started the semester and have students back on campus. We firmly believe interacting with and helping students is the best part of our jobs. With that in mind, it was recently brought to our attention that students have been potentially participating in off-campus parties in Colby and the surrounding communities. Please know, CCC is committed to preserving the health of all of our students, employees, and the communities we serve. Participating in these types of events severely diminishes the probability of the College being able to finish the semester in a face-to-face capacity.

From the students we have spoken with on campus, they strongly prefer the face-to-face modality. CCC is taking the necessary steps to ensure our campus's safety, but please understand, these types of events make that nearly impossible to accomplish. Your safety is paramount to us. Please continue to make every effort possible to safeguard yourself and those around you. We are all in this together and look forward to a wonderful semester. Take care and stay safe.

Respectfully,
