Good afternoon,

I hope everyone is doing well. Please see the COVID-19 updates below. Any questions or concerns, please let us know. Take care and have a wonderful weekend.

### **Additional Resources:**

Please remember CCC has a variety of support services available to assist you with these difficult times (Wellness Resources attached-counseling, physical health, and tutoring services included). Please do not hesitate to reach out if you need help with anything, we are here to help and make this transition as smooth as possible.

### **Kansas Department of Health and Environment Statistics:**

<https://www.coronavirus.kdheks.gov/160/COVID-19-in-Kansas>

### **Modified Quarantine:**

Attached is the modified quarantine guidelines for Thomas County. We have received multiple inquiries as to if the College will adjust to the Thomas Counties Modified Quarantine Protocols. The following is an excerpt from Modified Quarantine Requirements, "This guide specifically addresses requirements around maintaining continuity of learning in the situation where school age children students educated in Thomas County and staff are exposed to COVID-19; namely the modified quarantine requirements for non-household close contacts of a case." From our interpretation, no student at CCC is considered a "school age child" and therefore these Modified Quarantine Protocols are not applicable to the College (primary impetus is for the K-12 schools). In addition, we believe our practices and procedures have helped safeguard the institution and have been effective against the spread of the virus. Therefore CCC will not adjust to a "Modified Quarantine". If additional guidance comes out that is more direct and clear, this decision may be altered; however, with the current information available CCC will not follow these Modified Quarantine protocols.
