Catalog Information Disclaimer: This schedule is informational only and does not constitute a contract. The college reserves the right to change, modify or alter without notice all fees, charges, tuition, expenses, and costs of any kind. The college reserves the right to add or delete without notice any course offering or information contained in this schedule.

Mandatory Placement: To assist in the success of students at Colby Community College, all students are required to take developmental courses if placement testing is indicated. The student is required to have ACT/SAT and/or Accuplacer scores submitted prior to enrolling. Part-time students are required to take the placement test prior to enrolling in their first English or math class. To meet this requirement, Colby Community College offers developmental courses in reading and study skills, writing, and mathematics. These courses are designed to provide students the needed skills to succeed in college-level classes. Students may retake Accuplacer at a cost of \$5 per section for the following reasons: students feel placement results do not accurately reflect their abilities; students feel they have improved their skills through refresher work or previous developmental course work; students feel the grade received does not reflect their abilities and/or desire to advance in the course sequence. There is a two-week waiting period in between retake attempts.

Enrollment and Registration: Current students are encouraged to meet with their assigned advisor before enrolling. The Advising Center is open weekdays from 8 a.m. to 5 p.m. to assist students with summer enrollment. Enrollment for all summer classes will begin February 22, 2021 and continue until the first day of class. Early enrollment is advised. To schedule an appointment to enroll for classes, please visit <https://trojanadvisingcenter.setmore.com>. Colby Community College reserves the right to cancel any classes with insufficient enrollment.
