3. Carolyn Kasdorf reported the finance committee met on Thursday, April 20. At the time of the meeting a few accounts were not balanced. As of April 24 all accounts have been balanced “book-to-bank.” To date, the student accounts receivable balance is \$756,000. Summer semester has opened and students are starting to register. Federal grants receivable is at \$14,285, significantly decreased from the same time last year. Financial aid and the business office continually monitor the receivables and draw down funds as needed. Accounts payable continues with a credit balance due to bills being paid within a timely manner. Bond obligations balance has decreased due to the payment, interest and principle for the year. CCC continues to spend approximately 1.1 million per month. Starting July, 2017, the finance committee will review the college’s insurance policies annually. Facilities manager, Scott Williams, will join the finance committee to provide updates on the master plan for CCC facilities. [See Business Affairs Finance Report.]
 4. Doug Johnson reported on May 6 the Flatland Big Band concert will be held in Scott City. Michelle Meyer will be playing with the band and the CCC Jazz Band will open for the concert. Julie Groom, previous CCC band instructor, started the Flatland Big Band in the 90’s. [See Public Information Report attached.]
 5. Ryan Sturdy reported Northwest Kansas Technical College will join the Jayhawk Conference in 2017- 2018 in all sports except basketball. Basketball will join 2018-2019. He said interviews would begin in a couple of weeks for the women’s head basketball coach. [See Athletic Report attached.]

Jennifer Schoenfeld reported there are 184 businesses and individuals that contributed items/cash donations totaling over \$60,000 to the annual auction. The totals from the auction were \$92,500, with \$5,500 earmarked for the summer dorm renovation project. Ms. Schoenfeld thanked everyone for their help and support. She is currently interviewing candidates through the Nextech Gen internship program. The interns will start June 1, 2017. The foundation board meets April 24 at 7:00 p.m.

C. BILLBOARD CONTRACT

Seth Carter reported the administrative team is requesting the college enter into the billboard contract with Mountain States Media. This will provide the college a presence in Burlington, Colorado. The billboard will be a right hand read. The cost will be \$4000 per year. The cost includes installation, design, and the maintenance. Carolyn Armstrong made a motion to approve the billboard contract with Mountain States Media. Arlen Leiker seconded the motion; motion passed unanimously.

D. DISPOSITION OF SURPLUS

These pieces will be traded for a new traveling speaker set up. Carolyn Armstrong made a motion to approve the disposal of the desk, chair and books and allow the music equipment to be traded in. Quintin Flanagan seconded the motion; motion passed unanimously.

E. DORM INTERNET

Seth Carter requested the approval to the contract with KanRen to update the Wi-Fi in the dorms. The college is currently running off 100 Mb connections. This will allow the college to move from 100 Mb to 10 times that amount with 1 Gig. The annual cost increase will be approximately \$6200.00. The cost will come out of the technology fees. Arlen Leiker inquired if the 1 Gig will be adequate for future demand. Doug McDowall, IT Director, reported the 1 Gig will be adequate and will have a five year service contract. Doug McDowall reported S&T did not fulfill the complete quote requested. It was noted the S&T and Nex-Tech quotes were incomplete and would of have resulted in substantially higher cost. Quintin Flanagan made a motion to approve the dorm internet contract with KanRen with the understanding that S&T and Nex-Tech's bids were incomplete with not providing full cost data. Carolyn Armstrong seconded the motion; motion passed unanimously.

F. NSLVE MOU

Seth Carter requested approval for the National Study of Learning, Voting, and Engagement (NSLVE) MOU. This report is completed through the National Clearinghouse. This will allow the college to poll students to measure civic engagement, referencing their voting turnout. The only cost is for the final report, which will be included in the HLC filing to show how the college is reaching students beyond academics. Quintin Flanagan inquired what NSLVE does with the data. Mr. Carter stated NSLVE reports the data nationally. Carolyn Armstrong made a motion to approve the MOU with National Study of Learning, Voting, and Engagement. Arlen Leiker seconded the motion; motion passed unanimously.

G. NATIONAL VETERINARY ASSOCIATES

Seth Carter requested approval for the college to initiate an MOU with the National Veterinary Associates (NVA). The NVA manages over 500 hospitals. The NVA will utilize CCC and one other college to train their veterinary technicians. The proposal allows the college to discount the tuition rate for these students, which would be a net profit of \$2000 per student. It is anticipated that the college will see an additional 35 students in year one with continued growth. The Veterinary Technology program is the college's largest program. Brad Bennett reported the growth could be 100 students a year within a couple of years and the NVA will be paying the students' bill. The board of trustees gave their consensus to move ahead with the MOU.
