

October 15, 2019

Dear CCC Alumni:

Tammi and I are so proud to serve as co-chairs of the Annual Giving Campaign for the Colby Community College Endowment Foundation.

Our love for the college started for me back in 1975 and with Tammi a few years later. We will never forget the first time we walked on campus. We were nervous, and a little bit scared, but it didn't take long before the friendly smiles and caring voices made each of us feel welcome. The jitters went away and we became a part of the CCC family. That is what we wish for everyone, the chance to become a part of the CCC family.

Tammi and I have watched and taken part in the changes and growth in CCC and its campus. From dorm renovations and wind towers to the Big Blue Barn athletic facility, we have watched the change of faculty and administration over the years become what we both feel are the best that the country has to offer.

We don't want anyone to miss out on the opportunity to attend our beautiful campus and meet the outstanding leadership. We would like to be able to help every person become part of the CCC family. Unfortunately, as affordable as CCC is, some people still have a little trouble paying for college.

Therefore, we are asking all those who can to give to the CCC Annual Giving Campaign. Please help make it possible for every person who wants to attend college on our beautiful campus to be able to afford it. Help them become a CCC Trojan!

Sincerely,

Darvin Strutt
Honorary Co-Chair
