How are Endowment Scholarships Different than Other Scholarships at CCC?

Scholarships from the Endowment are funded by generous donors. These scholarships are granted based on various criteria, such as your Program of Study, GPA, or Residence. Furthermore, applicants will need to take a few moments to answer some short response questions on the scholarship application. Providing thoughtful and inspiring answers to these questions will raise your overall score!

Submitting your application before the first priority deadline significantly impacts your scholarship consideration alongside your overall score. **To get started, simply head over to C3 Scholar through your Trojan ePortal.**

Students must complete a full application with essay question responses in order to be scored and considered for Endowment Foundation scholarships. These applications are confidential. All personal and identifying information is redacted prior to the review process.

Here are some friendly tips to help you enhance your application:

1. **Highlight Achievements:** Clearly highlight your academic, athletic, and extracurricular accomplishments. Use specific examples to demonstrate your leadership, community involvement, and any unique talents or skills you possess.
2. **Craft a Compelling Response to Each Question:** Share your story with authenticity. Explain what inspires you, your future goals, and how this scholarship will help you achieve them. Be genuine and let your passion shine through.
3. **Proofread Thoroughly:** Ensure your application is free from grammatical errors and typos. Consider having a parent, friend, or teacher review your submission to provide feedback.

**FIRST PRIORITY DEADLINE FOR SCHOLARSHIPS IS
DECEMBER 31st!**

Applications open October 30th every year!
